**Hints for
Homework**

Think It Through

Before your student begins homework, have them make a to-do list. For example: Write a poem, read history chapter, solve 10 math problems. Then, suggest that they number the tasks, from toughest to easiest, and start with the hard stuff. This "save the easiest for last" strategy will help them finish on a high note, perhaps inspiring them to get in some extra studying.

What do you call the world's smallest Valentine's Day card?

A valen-teeny

A word from Mrs. Stice, Centerstone Counselor

February might be a good time to learn your family's "Love Language."

Take the free 5 Love Languages test [here](#) to understand how you like to receive love and appreciation as well as learn about your family. This can improve how to communicate and support one another.

News from the OKMS Library

Are you looking for a good book to read this winter? **You have access to the public library's collection of books, eBooks, audiobooks, movies, and more!**

You can access digital materials WITH or WITHOUT a library card! Go to the ClassLink page and click on the Sora app for access to that collection.

Click on the hamburger in the right corner for access to the public library, or go to chattlibrary.org. Questions? contact me at stone_sara@hcde.org.
